INSTRUCTIONS ON HOW TO COMPLETE A PURCHASING CARD APPLICATION

The Purchasing Card Application form is used for obtaining a **new** PCard. If you need to make changes to an existing account, please contact your Local PCard Administrator.

*Required Fields

Employee Information

***Last Name and First Name** – The cardholder's first and last name will embossed on the card according to how it is entered in these fields. Enter employee's name as shown on payroll records. Both the middle initial and job title is optional.

***Business Address, City, State/Province, and Zip/Postal Code** – This is the street address where a replacement PCard would be mailed to, if the cardholder were to ever lose their PCard or have their PCard stolen. The original PCard will be mailed to the company address that the Program Administrator provided when the company's account was opened, but replacement PCards will be sent to this business address.

Business Phone Numbers – Enter the cardholder's business phone number(s) here.

***Date of Birth** (mm/dd/yyyy) – The cardholder's month, day, and year of birth is used to verify their identity when calling the bank for support.

***SSN/SIN** – Enter the last 6 digits of the Social Security Number or Social Insurance Number – note that the last 4 digits of this number will be required when the cardholder calls the bank to activate the card, and any other time they need to identify themselves when communicating with the bank.

Employee ID – Enter the cardholder's employee identification number, if applicable.

Business Email Address – Enter the employee's email address, if applicable. Note that this field is required if the cardholder needs to be granted ActivePay User Access.

***Cardholder Signature** – The cardholder signs here to confirm that all information entered is correct.

Card Account Information

***Monthly Credit Limit** – This field designates the cardholder's monthly spending limit. This limit refreshes the day after each billing cycle ends.

***Single Transaction Limit** – This field dictates the maximum amount that may be charged during a single transaction.

Hierarchy Assignment – Specify the Hierarchy this card should reside under, if applicable. If operating unit has no hierarchy built, this field can be left blank.

User Access/Proxy/Approver Information

(Section only applicable if operating unit is using ActivePay to code online)

ActivePay User Access Checkbox – If the cardholder needs access in ActivePay in order to review/code their transactions or to submit transactions to managers for approval (if using ActivePay for transaction approvals) check this box – they will be granted basic view access and will receive login information from PNC Bank via email. If the cardholder needs a different access type besides basic view (such as program admin access, local admin role, manager/approver, etc.) please contact corporate for user set up.

Proxy Delegate – if the cardholder needs to be assigned a specific proxy, instead of being given access themselves or relying on the delegate assigned to their hierarchy (if applicable) for review/coding/etc. designate that proxy in this box.

Workflow Approver – if using ActivePay for transaction approvals, please designate the Workflow Approver (the manager who will be approving transactions in the system) in this box.

Additional Notes

Please specify any specific restrictions, default code mapping, etc. Include any additional notes pertaining to this applicant.

Approval

Manager Name and Signature – The cardholder's immediate manager signs the application if he/she agrees that this employee should have a PCard. This is not a required field, but it is recommended.

***Controller Name and Signature** – The controller (or CFO if Controller's absence) must sign off on all Purchasing Card applications submitted for their company. An email approval may be attached to the email sent to corporate containing a purchasing card application in lieu of a wet signature.
